Hard Hats

Wherever there is a potential for falling objects, flying objects, impacts or bumps, North® hard hats should be there. Adjustable, imprintable and dependable, Honeywell has the hard hat to meet your needs. North hard hats and accessories provide comfortable, reliable head protection your employees will want to wear, featuring stylish, lightweight shell designs, suspension height adjustment and comfortable padding. Our pin lock, quick fit and ratchet adjustment suspensions all make use of the natural shape of the head providing workers with comfort all day long. Greater compliance and worker safety are an active part of our ongoing commitment to quality, innovation and the enhancement of head protection in the workplace.

⚠ WARNING! North hard hats should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury or death.

HARD HATS

The Peak A59, A69, A79

REFERENCE: CUSTOM HARD HAT PRINTING

Custom Hard Hat Printing

Printed protective caps are highly visible – they enhance corporate image, reinforce safety programs and identify trades on the job. Logos, safety slogans and union identification look impressive thanks to our three advanced printing technology options.

Pad Printing

Pad printing is a process using a flexible silicone rubber-pad to transfer an inked image, located on a photo-engraved plate, onto the surface of an object. This unique process can transfer fine letters, intricate lines and graphics.

- Artwork is pad printed onto the hard hat
- Logos can be placed on the front, sides, or back of the hard hat
- Print up to 4 colors per location
- High-visibility tape can also be added for an extra margin of protection

Full Graphics

Thermoforming is a process that can mold a plastic sheet to result in a permanent three dimensional shape. The sheet is heated, softened and molded before cooling down to obtain the desired shape.

- Artwork is thermoformed onto the hard hat
- Custom artwork designs
- Available in a variety of colors and finishes

Heat Stamp

Using a hot metal die, logos are engraved in color on the hard hat material.

- Artwork is heat transferred onto the hard hat
- Logos can be placed on the front, sides, or back of the hard hat
- Unlimited colors and artwork detail per location
- Extremely durable and long lasting

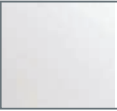

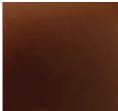

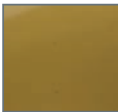

by Honeywell

▲ WARNING! North® hard hats should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury or death.

REFERENCE: HARD HAT COLORS

 01 White	 04 Green	 07 Sky Blue	 11 Black
 02 Yellow	 15 Red	 08 Navy Blue	 10 Tan
 44 Hi Viz Strong Yellow	 05 Hi Viz Red	 17 Royal Blue	 12 Brown
 46 Hi Viz Strong Orange	 20 Hot Pink	 71 Blue	 13 Gold
 03 Orange	 70 Pink	 09 Gray	

Follow these simple steps to order hard hats in your choice of color and logo.

- 1) Start with the SKU number, which will make the first 3-6 digits, indicated on the product charts. *Example shown is "The Peak," A69R found on page 87.*
- 2) Next, combine the 2-digit color code (above) with the SKU number.
- 3) The last 4-5 digits are the pad print screen number which will be assigned by customer service when ordering a custom logo, OR 0000 for no logo.
- 4) The final number for "The Peak" A69R, orange, no logo is A69R030000.

For more information regarding custom printing, contact Customer Care.

Example:

SKU #	Color	Logo
A69R	03	0000
The Peak	Orange	No Logo
