PYTHONSAFETY.COM/AWARENESS

DBI-SALA® and Python Safety®, two highly respected brands in the fall protection industry, have come together to bring a new level of innovation to safety.

DBI-SALA is known as the premier brand of fall protection and rescue equipment around the world. For more than 40 years DBI-SALA has provided the best solutions for workers at height, no matter which industry you work in.

Python Safety has more than a decade of experience developing products to prevent dropped tools and equipment. Its innovative line of products makes work environments safer and more productive by protecting workers from hazards that can result in personal injury, equipment damage, and tool loss.

With a relentless commitment to innovation, and a tireless determination to respond to the needs of our customers and deliver the best products and services in the industry, we employ the best teams to create innovative solutions to keep workers at height safe around the world.

THIRD PARTY TESTED

Python Safety third-party tests products with Applied Technical Services (ATS), an Atlanta-based consulting engineering firm with sophisticated testing and inspection capabilities. ATS is ISO 9001 Certified, and an accredited testing lab of the Nuclear Regulatory Commission. As a part of Python Safety's product development and quality assurance processes, ATS conducts static or dynamic load tests to determine the safe working load limits based on the solution's intended use.

1500040	QW-HDBLU1X2-CASE	Quick Wrap Blue Heavy Duty 1" Wide 2X Length	120	216" (548.6cm)

- Conforms to the shape of whatever it is applied to.

- Used with **Python Safety D-Rings** (pg. 4) and **Tool Cinch Attachments** (pg. 6) to create instant tethering points on virtually any tool.

- Made from a self-fusing silicone rubber that leaves no adhesive or residue behind.

- Inner fiberglass webbing increases the strength of the tape and makes the tape resistant to sharp objects.

PYTHON VS. THE OTHER GUYS BUNGEE

Built to be more durable and last longer than the competition, Python Safety Bungee Tethers are third-party load rated, and thoughtfully designed to prevent dropped objects.
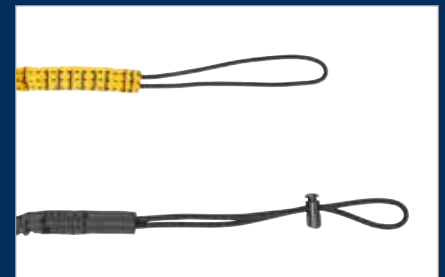

LOCKING CARABINERS
Python Safety Bungee Tethers carabiners feature screw locks that prevent accidental opens.

DANGER: THE OTHER GUYS CARABINER
With a simple twist, the other guys carabiner can be disconnected resulting in an accidental drop. Always use locking carabiners!

DANGER: BARREL LOCKS
The other guys bungee tether (bottom) often utilizes a barrel lock. These barrel locks are extremely dangerous, as they encourage improper tethering of tools. Never use tethers with barrel locks!

COIL TETHER INNOVATORS.

Python Safety Coil Tethers are an incredible alternative to classic Bungee Tethers. Built with lightweight vinyl that's easy to clean, coil tethers naturally stay out of the way thanks to their ultra-compact design. Since we first introduced coil tethers to the marketplace three years ago, we've continued to improve our line of coil lanyards thanks to feedback from the craft.

COIL TETHERS

- Works well with the **1500017** (pg. 6)

INTRODUCING SMART HOLSTERS

At Python, we always strive to make your job easier and safer. That's why our next-generation Smart Holsters™ are packed with intelligent new productivity features.

BEACON™

Lights on

Lights off
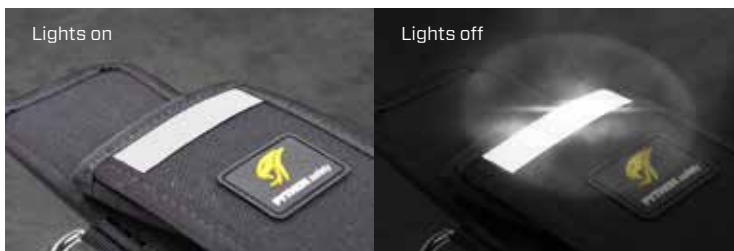

BEACON™ HI-VISIBILITY REFLECTORS

Products equipped with Python Safety Beacon™ Hi-Vis Reflectors are always easy to identify and locate, even when left in dark spaces. Highly reflective material is stitched into the front and back of the holster allowing it to be detected in low light conditions with a flashlight.

A FASTER, SMARTER WAY TO HOLSTER WITH QUICK-MAG™

QUICK-MAG™

Quick-Mag™ speeds up your workflow and reduces how often your tools need to be holstered. A powerful magnetic tool staging system allows tools to simply stick to the holster ensuring that your tools are always at the ready.

BOTTOM DRAIN VENT

Even in rainy weather conditions, holsters with a drain vent stay in outstanding working form. The vent helps keep the holster dry by allowing water to pass through, protecting your tools from rusting, and protecting your holster from dry rot.

TOOL BELTS

COMFORT TOOL BELT

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	WAIST SIZE
1500110	BELT-COMFORT-S-M	28" - 36" (71 cm - 91 cm)
1500111	BELT-COMFORT-L-XL	36" - 44" (91 cm - 112 cm)
1500112	BELT-COMFORT-2X-3X	44" - 52" (112 cm - 132 cm)

- Extra padding provides superior comfort compared to many other tool belts.

- Modular approach allows user to customize their own holster and pouch system.

UTILITY TOOL BELT

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	WAIST SIZE
1500113	BELT-UTILITY-SL	28" - 46" (71 cm - 117 cm)
1500114	BELT-UTILITY-XL	40" - 54" (102 cm - 137 cm)

- Padded Cordura provides for durability and comfort.

BELT LOOPS

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	DESCRIPTION	LOAD RATING
1500115	BELT-DRLOOP	Belt Loop D-Ring	5 lbs (2.3 kg)
1500116	BELT-DRLOOP-10PK	Belt Loop D-Ring	5 lbs (2.3 kg)
1500117	BELT-TRLOOP	Belt Loop Trigger	5 lbs (2.3 kg)
1500118	BELT-TRLOOP-10PK	Belt Loop Trigger	5 lbs (2.3 kg)

- 1500115 BELT-DRLOOP is used for tying off tools from a belt, while the 1500117 BELT-TRLOOP is used for staging tools.

SMALL PARTS POUCHES

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	PRODUCT VARIANT
1500122	PCH-PARTS-VY	Vinyl Yellow
1500119	PCH-PARTS-CB	Canvas Black
1500120	PCH-PARTS-CC	Canvas Camo
1500121	PCH-PARTS-CO	Canvas Orange
1500123	PCH-PARTSXD-CB	Extra Deep Canvas Black

- Innovative self-closure system that traps objects inside, the pouch makes it nearly impossible for objects to fall out once placed in the bag

- Easy to retrieve objects since no opening or closing is necessary.

- Compatible with most tool belts.

Belt loops located on back of pouch.

The Small Parts Pouch is designed for small parts such as nuts, bolts, screws and nails.

Items are placed inside the pouch, at which point they are immediately secured by the self-closure system.

Even when the pouch is flipped vertically, the pouch traps objects inside, making it nearly impossible for items to fall out.

UTILITY POUCH

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #
1500132	PCH-UTILITY

- Features two outside pockets for storing spud wrenches, and two inner pockets for storing additional tools.

- Tools can be tethered to D-Rings on the inside and outside of the pouch.

- Adjustable side-release closure system helps prevent objects from falling out when the pouch isn't being used.

INSPECTION POUCH

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #
1500131	PCH-INSPECT

- Designed for the safe transport and use of most multi-meters, air monitors, and other portable testing devices.

- A unique, patent pending adjustable opening can be used to create a hands-free work station off the hip or chest.

- Can be worn off a belt, or over the shoulder using the included shoulder strap.

Hands-free workstation from belt or shoulder.

- Constructed from a heavy-duty canvas with an inner lining to help prevent punctures.

- Multiple inner pockets accomodate a number of tools while built in D-Ring make tethering tools incredibly easy.

- Available in standard and Extra-Deep variations.

- Optional **1500069 RET-52STEEL** (pg. 12) and EXT-T2CORD can be installed into Tool Pouches allowing for the tethering and staging of tools.

- The standard sized pouch uses a hook and loop closure system that can be locked open during use.

- The extra-deep tool pouch features a magnetic closure system as well as a side-release buckle.

SAFE BUCKETS

Safe Buckets are designed to be used at height, and each have a built in closure system that helps prevent dropped objects.

CLOSURE SYSTEMS

Every Safe Bucket is manufactured with either a unique patent pending drawstring or hook and loop closure system which helps prevent accidental drops.

BUILT IN CONNECTION POINTS

The Safe Bucket was engineered to be used with tools at height, and includes multiple connection points that can be tethered to.

HIGH QUALITY CANVAS AND VINYL

Safe Buckets are available in both heavy-duty canvas and vinyl variants that are load rated for 100lbs and 250lbs respectively.

LOCKING HOOK AND LOOP CLOSURE SYSTEMS

Python Safety has engineered a hook and loop closure system that acts as an extra layer of protection to guard against spills during transport and lifting.

Indicator tabs on the buckets closure system act as strong visual cues that indicate when the bucket is in Lockdown mode, or in easy access mode.

PUNCTURE RESISTANT

Sewn into the bottom of every Safe Bucket is hard composite plating that protects the bucket from accidental punctures. A protective leather sleeve covers the inserts that is resilient to the elements and harsh work environments.

CARABINER AND HOISTING STRAP

Instead of rope which is susceptible to fraying, a heavy-duty hoisting/shoulder strap is built into every Safe Bucket. Each bucket is also equipped with a high-quality and lightweight aluminum twist-lock carabiner load rated for 30 kN (6,700 lbs). There is no need to worry about a knot failing, or a non-locking carabiner which may slip off a connection point.

HARD BODY SAFE BUCKET INSERT

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	DESCRIPTION
1500141	BKT-HBINSERT	Hard Body Safe Bucket Insert

- Converts a standard soft body Safe Bucket into a Hard Body Safe Bucket.

- The Hard Body Safe Bucket Insert it a reusable Insert that keeps your Safe Bucket standing upright making it easier to stage tools from.

- 4 inner pockets are built in allowing tools to quickly be holstered and organized.

5 GALLON SAFE BUCKET

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	LOAD RATING
1500135	BKT-100HLC-5G	100 lbs (45.5 kg)

- Used to transport standard 5 gallon buckets.

- 5 gallon plastic buckets clip into the Safe Bucket with a unique hook system.

- When not being used, the Safe Bucket can be flattened for easier storage.

- Unique patent pending locking Hook and Loop closure system helps ensure that there are no accidental spills.

Plastic bucket not included.

LONG SAFE BUCKETS

CAPITAL SAFETY PART #	PYTHON SAFETY PRODUCT #	LENGTH	CLOSURE SYSTEM	LOAD RATING
1500136	BKT-100HLC-4	48 in (122 cm)	Hook and Loop	100 lbs (45.4 kg)
1500137	BKT-100HLC-6	72 in (183 cm)	Hook and Loop	100 lbs (45.4 kg)
1500138	BKT-100HLC-10	120 in (305 cm)	Hook and Loop	100 lbs (45.4 kg)

- Transportation of scaffolding with the buckets is both easy and safe, and more effective than hand-to-hand transportation or using rope with hitch knots.

- Hook and loop top closure system keeps poles secure during lift, and long safe buckets come equipped with a double twist-action locking carabiner.

ADJUSTABLE WRISTBAND

The Python Safety Adjustable Wristband uses a hook and loop system to adjust to any wrist size. An elastic band helps ensure a comfortable fit.

ADJUSTABLE WRISTBAND WITH CORD

Adjusts to any wrist size using a hook and loop system. A built in cord is used to quickly attach and stage tools directly to the wristband.

ADJUSTABLE WRISTBAND WITH RETRACTOR

Adjusts to any wrist size. A built in retractor with an attached trigger can be used to quickly work with many hand tools.

S A F E T Y

INNOVATION THAT BRINGS WORKERS AT HEIGHT HOME SAFELY.

Capital Safety™ is a global company solely dedicated to fall protection and rescue. Our focus is clear.
It continually drives us to design and manufacture safe gear that workers want to wear.

Innovation means understanding the industries we serve. We listen to the workers in the field, employ the most
engineers, customize solutions, register more new patents and introduce more products. To date,
Capital Safety has the best quality and largest breadth of products in the industry.
But we're more than a product company.

We take an innovative approach in bringing our products to the field. We have created international partnerships
and a vast network of certified installers and service centers. We offer on-site and in-house training.
And we're ISO 9001-2008 certified for customer service, as well as manufacturing and engineering.

Capital Safety is one of the world's leading manufacturers in fall protection and
rescue equipment, with decades of experience and a legacy of innovation.
Look for complete solutions in our extensive line of DBI-SALA® and Protecta® products.
